## Council Hold Regular Meeting

Coleman town council held its regular meeting last week when the matter of the local fire brigade attending fires in the ID 10 district surrounding Coleman, was discussed. At present an arrangement between the Department of Municipal Affairs and the town of Coleman reimburses the town for each fire attended in the ID by the brigade.

A representative of the department will visit Coleman in the near future to discuss the present arrangement between Coleman and the Department of Municipal Affairs.

It was reported that progress was being made on the new sidewalk being built on the south side of the street in West Coleman. Grading operations are being completed after which the crews will build a curb along the walk.

The new walk, besides serving the pedestrians is being built to alleviate the drainage problem that residents in this district have had to contend with during the spring runoff and during wet weather. If possible the walk will be paved this fall.

Council also set aside the sum of \$90 for annual grants to be made for charitable purposes.

## Coleman Schools Re-decorated

A considerable amount of work has been completed on both the Coleman main schools and Cameron school during the past two months in preparation for the fall term, which got underway here this week. New linoleums have been laid in new sections of the main school and the rooms in the building have been painted. The entire school is completely rewired.

West Coleman Cameron school, which is a new building, has had new sections of the school painted and decorated in new schemes.

## Pass Old-timer succumbs

Charles Edward Cartwright, well known Crow's Nest Pass old-timer, passed away in the Crow's Nest Pass Municipal Hospital Wednesday night following a short illness. Mr. Cartwright, 76 years of age, was born in Staffordshire, England on October 18, 1882. He came to Canada in 1911, settling in Lundbreck, where he owned and operated a coal mine for 11 years. In 1922 he came to Blairmore and operated and managed the old Muts Mine in southwest Blairmore.

He later went to work for the West Canadian Collieries as a fireboss and worked in this capacity until his retirement in 1952.

During the past three years he worked as a time keeper for the Department of Highways. He was an ardent fisherman and a former Mason.

He was predeceased by his wife Alice at Blairmore nine years ago and by a daughter, Ethel, at Burmis, three years ago. Surviving are two daughters, (Alberta) Mrs. Ernie Drew of Blairmore, (Beth) Mrs. Sid Jarvis of Kamloops, B. C., two sons, Charles and Joe of Blairmore, 13 grandchildren and four great grandchildren.

Funeral services were conducted from St. Luke's Anglican Church in Blairmore at 2 p.m. Saturday, and interment followed in the Union cemetery. Rev. Doddie of Coleman officiated at the services.

## Fall Colors Showing

Following the rainy weather and cool temperatures that were felt in the Crow's Nest Pass the past week some of the higher rocky peaks in the district are sporting faint signs of snow.

Some of the trees in the district are also beginning to take on their fall colors as slight tints of yellow can be seen in the surrounding mountains.

The coming month will see the entire Pass in a blaze of color as nature will turn all trees and all shrubs in this district into varying hues of yellow, brown, purple, red and orange. With snow-capped mountains for a background, camera fans will be in their glory trying to capture the splendid colors to be found in the district.

## Former Coleman Girl Wed in Calgary

Baskets of gladioli, Shasta chrysanthemums and potted ferns decorated Wesley United Church in Calgary for the wedding Saturday, August 29, 1959, of Miss Patricia Parker and Donald Alan Whitaker. The Rev. Mr. McKenzie officiated at the two o'clock double wedding for the younger daughter of Mr. and Mrs. Charles Parker and the son of Mr. and Mrs. W. C. Whitaker, all of Calgary.

Miss Lintock, as organist, also accompanied Mrs. Frances Dibble Miller who sang the Wedding Prayer at the beginning of the ceremony and the Lord's Prayer during the signing of the register.

White satin ribbons and purple beater were markers for the guest pews.

The bride, given in marriage by her father, chose a floor-length bridal gown of white silk organza, featuring an elongated fitted bodice, accented by a scalloped neckline of hand-clipped French Chantilly lace. The bouffant skirt formed a chapel train and was encased by a band of appliqued motif of the same lace and marked by an organza bow. Her show veil of Heathcoat tulle illusion was held in place by a crown of lily of the valley.

She carried a bouquet of white roses, stephanotis and white heather. Her only jewelry was a diamond-studded watch, the gift of the groom.

The matron of honor, Mrs. T. R. Campbell, sister of the bride, and Miss Margaret McDonald, bridesmaid, cousin of the groom, wore identically designed gowns fashioned in wave aqua silk organza poised over crinoline. The princess lines were emphasized by a shirred inset band and in the tulip shaped skirt and caught with a flat diagonal bow reaching to the hem. They wore mohair picture hats and carried cascade bouquets of Shasta daisies and white heather.

Mr. L. W. Wecker of Calgary, was bestman, and ushering guests were Mr. D. Q. Martin and Mr. G. R. Purdy of Edmonton, and Mr. C. T. R. Parker of Calgary, brother of the groom.

The bride is a member of the University of Alberta Nurses' Alumni Association and the groom is a member of the Zetapel Fraternity and Professional Engineers of Ontario.

Following the wedding trip Mr. and Mrs. Whitaker will make their home at 2204 Regency Terrace in Ottawa where the groom is a research engineer with the Department of Mines and Technical Surveys.

Out of town guests were present from Morinville, Coleman, Regina, Medicine Hat, Lethbridge, Edmonton, Dawson Creek, Banff, Fernie, Three Hills and Pincher Creek.

## Burlam Drug Co. Changes Hands

The business of the Blairmore and Coleman Pharmacies will change hands this week when Keith Wolf of Edmonton will take over ownership of the Burlam Drug Company at present owned by Dr. R. B. Burman, a Blairmore dentist, and J. F. Lamey, a Blairmore insurance agent.

Dr. Burman and Mr. Lamey took over the business from the late Gordon Steves in 1951, and have operated the business since.

Will Poxon, who has acted as druggist for the Burlam Drug Co. has left the Pass for Calgary.

Mr. Wolf, recently discharged from the RCAF, as Fit-Lieut., is married and has three children. He served with RCAF Medical Corps as a druggist for eight years and was recently stationed in Edmonton. He and his family will take up residence in Blairmore this week.

## Help Needed at Curling Arena

## THE YEAR'S MOST DANGEROUS WEEK-END

September brings the opening of schools, the end of vacation-times, week-ends instead of weeks at the cottage, short trips instead of long trips, and the creeping process of shortening daylight periods. It also brings the most dangerous week-end of the entire year - Labor Day week-end.

Traffic increases greatly over that short period between Friday, September 4 to Tuesday, September 8. It's the last thing before autumn sets in with a vengeance and the end of the holiday period arrives.

Everybody wants to make the most of it. Some will get away early Friday afternoon and not return until Tuesday morning. Others will set out on Saturday for a shorter run. A few will only take the day.

be it Friday, Saturday, Sunday or Monday. All of them will drive over the streets and roads of the nation and the volume of traffic will grow. As it grows, tempers flare, drivers and pedestrians become careless and the perils of the highway pop up everywhere.

No one will be immune from danger on the highway. Everyone must be aware at every moment of that danger, prepared to do all that is possible to avoid it, or lessen the impact when it is inevitable. There will be no time, in the few seconds it takes for an accident to happen, to think of the best thing to do.

Reactions must be automatic if life is to be preserved or injury made less. This takes thought and practice—NOW!

The lessons a motorist learns today will stay with him for a long time. They will not only guide him through Labor Day traffic but may take him safely through the changing seasons to the recurrence of danger at Christmas and New Year. Motorist—

Avoid excessive speeds. Always remember a steady, responsible speed will get you where you are going practically as soon and as definitely as safe as high speeds.

Watch for, and obey, traffic signs and pavement markings. They were put there by experts after intensive surveys and studies, and for your protection. They are no good to you unless you obey them.

Never fail to leave plenty of stopping space between your car and the vehicle ahead.

Be as considerate of other drivers as you would have them be of you. Pedestrian—

Don't expect your so-called 'rights' to protect you in traffic. You may think you're looming large to a driver who may not, for some reason, even see you. Whether or not he should have seen you will be little comfort to you in a hospital bed.

Leave nothing to chance. Wear white at night; walk on the side of the road facing traffic; get as far as you can from a moving vehicle.

Your indignation means little to a motorist. Don't try to frown your way across an intersection.

Argument with a ton of motor-driven metal can have only one result.

## Alberta Duck Bag Limits Reduced

Bag limits on ducks in Alberta are reduced this year as the direct result of a diminished wild-fowl population, the Canadian Wildlife Service announced today.

The duck population has declined so much this year as the result

of the drying up of their breeding grounds that some curtailment of duck hunting is essential for good hunting in the future.

The new migratory bird regulations for Alberta reduce the daily bag limit from 10 to seven and the possession limit from 40 to 21.

Limits on geese, rails and coots, and Wilson's snipe remain the same. Daily bag and possession limits for these birds are: geese, five and ten; rails and coots, ten and twenty; Wilson's snipe, eight and sixteen.

The seasons are September 1 - November 28 for ducks, geese, rails and coots in Northern Alberta, and September 19 - November 28 in Southern Alberta. The Southern Alberta season has been reduced more than three weeks from last year. Wilson's snipe seasons are September 1 - October 17 in the North and September 19 - October 17 in the South.

Special limitations will govern the hunting of canvasbacks and redhead, which are expected to be seriously affected by the prairie drought. The daily bag limit may not include more than four canvasbacks and redheads and not more than eight may be possessed.
